DREAMING

THE STUFF OF DREAMS

Life is a pilgrimage I've heard it said,
and on the rough road hope oft' gives way to despair.
Yet ever the sun rises on each new day,
And God spreads the carpet of his creation before me.
The forests in their lush verdancy of summer,
Or in their frosty whites of winter.
The flowers of spring that burst forth in every
conceivable color.
Clouds, high and fluffy, drifting across a sky so
blue it takes my breath away.
The majestic mountains, standing serene above the affairs
of mortals.
The power of the sea, thundering on the shore.
All these God has made to remind me that I am not alone.
A tapestry of love and beauty he has woven around me.
Yet all these things, however rare, however beautiful,
are insignificant in comparison to his greatest gift,
The laughter of a child.
There, sir, is the stuff of dreams!

. . . And so we spend our days, working,playing, and learning. Always enjoying each other as we pass along the way. And we have our dreams. We will continue to grow and become better than we are. That's why we have come from all over to Lanier Tech. We are all dreamers of lives to be lived to the fullest.

The Lanier Tech Pathways Staff takes pride in dedicating this Pathways to FRANCIS HULSEY.
